**H.O.P.E. PROGRAM**

**Holistic Orientation for Peace Education**

Enhancement Curriculum Program

Sr. Linda Neil, CSJ former Principal of Our Lady of Mt. Carmel School, Schenectady, NY and Holy Innocents School, Neptune, NJ, states this program

*“weaves together prayer, “energetics”, the arts, community and ecology in an inspired, powerful way that touches children, their teachers and parents at a profound level and helps them embrace **being peacemakers.**”*

In today's violent, stressful, peer pressure society youngsters must realize that peace and non-violence are possible. They need to have greater self-confidence about themselves and who they really are.

The H.O.P.E. Program offers solid, practical ways to help young people live non-violently and become confident, compassionate citizens who are children of a loving God.

H.O.P.E. focuses on helping youngsters discover and move from the presence of peace within themselves, relate peacefully with others and reverently and respectfully with all creation. Applicable to every age group.

We are conveniently offering this unique and highly successful two-day program three times during the summer of 2008.

Fee: \$185/person/2 day session

Bring lunch. Beverages available.

Registration Deadline – Sunday prior to program
